

Snowdrifters News

Meeting: January 13th at 7pm at Arrowhead Lodge
Join us for the sandwich menu at 6pm

The Youth Safety Class will be held at the Littlefork School on January 17 & 18. Class size is limited so call Ron Travis to register: 278-4854. We appreciate the dedication of all certified safety instructors and the volunteers that help with classes too. Hats off to Arlan Gunnerson for getting the ball rolling on these local classes 8 years ago. And we extend a big thanks to Paul & Ron for stepping to the plate. And thanks to Scott Birnie who just completed the Safety Instructor Course. And thanks to their wives who have helped out too.

The 3rd Annual Medallion Hunt is February 9-15. Medallions are worth \$20 or can be kept for souvenirs. Clues & rules will be posted at participating club businesses. I hope they didn't hide them too early; we'll need bulldozers to find them!! What an awesome year of snow so far. I wonder who is hiding them.

Speaking of snow, we had a blizzard going on for the Christmas bowling party. Seventeen hardy souls braved the weather & we had a good time. And we sprung Bob out of the Nursing Home for a few hours. I guess if we want snow, we just plan a party!!

The MnUSA Governor's Ride is in Grand Rapids this year. Our club is soliciting for items for the Silent Auction. Proceeds go into the Legal Defense Fund. So far Ash-Ka-Nam has donated a gift certificate for a 3-night stay for 4 and Lee Konen donated an afghan. If you are interested in contributing items, gift certificates or cash, contact Sheri Vertina at 377-4354.

The Raffle permit application got lost in the shuffle & the tickets weren't ordered. Members at the last meeting didn't feel we'd have enough time to get the prep-work done and then sell enough tickets to hopefully break even so the raffle was postponed to a later date. If you have input please attend one of the next two meetings.

ACTIVITIES

Club ride will leave Kecs on Jan 17 at 10am

Club ride will leave Lu's on Feb 7 at 10am

No other leaders have offered up any plans. Git 'er done!!

Ride Safe and Have Fun
